FRIENDS OF THE CANYON

The Bear River Watershed Council is has announced it will launch a new program called Friends of the Canyon. It will be comprised of citizens concerned about the welfare of our local canyons, wildlife habitat, public lands, and our communities open space. For each group we hope to enlist a designated contact person that will help coordinate communication and disperse information between the Logan Ranger District, volunteers and others. We are currently looking for a community member willing to be the contact person for Millville Canyon, as well as volunteers for future projects. Very little time commitment is necessary. If you would be willing to help please contact the BRWC at brwc@xmission.com, or Meg Hawks at meghawks@gmail.com.

CHECK OUT MILLVILLECITY.ORG

The Mayor and City Council have been working closely with WestHost Web Design team for the last several months and we are pleased to announce the launch of the Millville City website (millvillecity.org). The website will contain information on Events and Activities, City Government, Services and Utilities, Parks and Recreation, and Museum and History. The site will also host the monthly newsletter, minutes and agendas of city council and planning and zoning commission meetings, water service applications, park reservation forms, city code and ordinances, building and development information and a host of other material. We hope that the site will be a great source of information and a means to bring our community closer together. We welcome any submissions of historical photos or stories and plan to add more to the site as we receive them - please contact Jared Taylor 752-5212 or Mike Jessop 755-9830 with submissions.
