MILLVILLE YOUTH COUNCIL

For the month of January we went to the County Administration Building and had the opportunity to tour it. We first went to see a vault on the middle floor. It was full of books that were filled with different murder cases and things like that. Next we went up a spiral staircase which led up to the very top of the building. The view was amazing! Last we went down stairs to see "The Dungeon". Although it only turned out to be two more separate offices. The whole activity was really fun and educational! We are thankful for everyone's support we couldn't do fun activities like this without it.
